
Our Story

Move Mountain View began in 2018 as the creation of concerned community members responding to the increasing challenge of housing insecurity in Mountain View particularly and Silicon Valley in general. In 2021, we opened our 6th Safe Parking Lot and now care for an average of 175 persons per night.

MOVE Mountain View partners with City and County governments, local congregations, foundations, and individual donors. Our goal is to provide a pathway to housing through Safe Parking and Intensive Case Management. With your help and a growing network of partners, we are reaching our goals.

To combat homelessness, we provide more than a place to park. It's also a safe, supportive setting in which to work on personalized permanent housing plans.

"Dear MOVE Mountain View,

We are extremely grateful for the time we spent in the safe park. Knowing that we were not alone and that we had a safe place to return gave us a lot of strength to not give up on our dreams. So receive our eternal gratitude for the work of all of you. God bless them!

Sincerely, D.D. and E.T."

(A note of appreciation from a former household that found safety and support on our Safe Lots.)

Safe Parking is a valuable and vital part of the path to renewed, secure living in the midst of community.

Here at Move MV, we believe this crisis calls for a change of view. We embrace our housing insecure neighbors as members of the communities in which they reside.

We can't do everything, but we are doing something... for our neighbors.

How Does It Work?

Call Move Mountain View at 650-861-0181.

We provide reserved parking spaces. Clients get nights of safe, comfortable sleep. Our Case Managers provide access to the County system of services for employment and housing.

MOVE Mountain View never records or reports immigration status.
